- Online courses – TCOLE has a dedicated individual that will manage the online courses; just this week (5-12-2014) Mindy submitted a letter to TCOLE giving them permission to host the TNT Courses on their website, free of charge to all who participants as students as well as no charge to TNT; be looking for those courses to be available within the next 2-3 weeks; the Stress Course developed by TNT Members will be available for beta testing by the first of June. If interested in beta testing for TNT please send an email to Robbyn Hart or Mindy Adams.
- Kim Ward, President of Texas NENA and Toni Dunne, Vice President of Texas NENA stopped to welcome us to the conference
- TERT has gone nationwide. It is the first federally recognized deployment for TCs in the Nation. We could definitely use some more trainers; please contact Sherry Decker or Laura Litzerman with North Central Texas Council of Governments if interested in becoming a TERT Trainer or member of a deployment team.
 - Fundraiser for the TERT deployment is trailer is open and we have a goal of \$30,000
- Texas APCO will be training several of their Board members to become a Critical Incident Debriefing Team. The goal of this project would be to deploy a CIDT to an agency within the State of Texas to help the TCs deal with a critical incident. We have secured the funds for class in July of this year and will develop train the trainer classes to be taught throughout the State with the intent of deploying the closest Team to an incident.
 - During the TNT June 30th meeting we will delve further into this project and answer any and all questions at that time.
